

Cat. Nos 0217 Series Bulkhead Light Fixtures

INSTALLATION INSTRUCTIONS

Read all instructions before proceeding.

- 1). All wiring should be done by a qualified marine electrician in accordance with A.B.Y.C. Standard E-9* and the U.S. Coast Guard Safety Standards for Boat Electrical Systems (33 CFR 183)*.
- 2). Using the fixture as template, drill holes in the mounting surface for the mounting screws and for passage of the electric leads. Drill for #6 screws for the 0217 series and #8 screws for the 450 series.
- 3). Attach supply connections to the pigtail leads on the fixture in accordance with the standards referenced in item No. 1 above.
- 4). Fasten fixture to mounting surface using #6 R.H. screws.

* The above referenced standards can be obtained from:
